

MIJN EIGEN PROJECT

Graphic Organizers

Analytische & Kritische Denksleutels en Graphic Organizers.

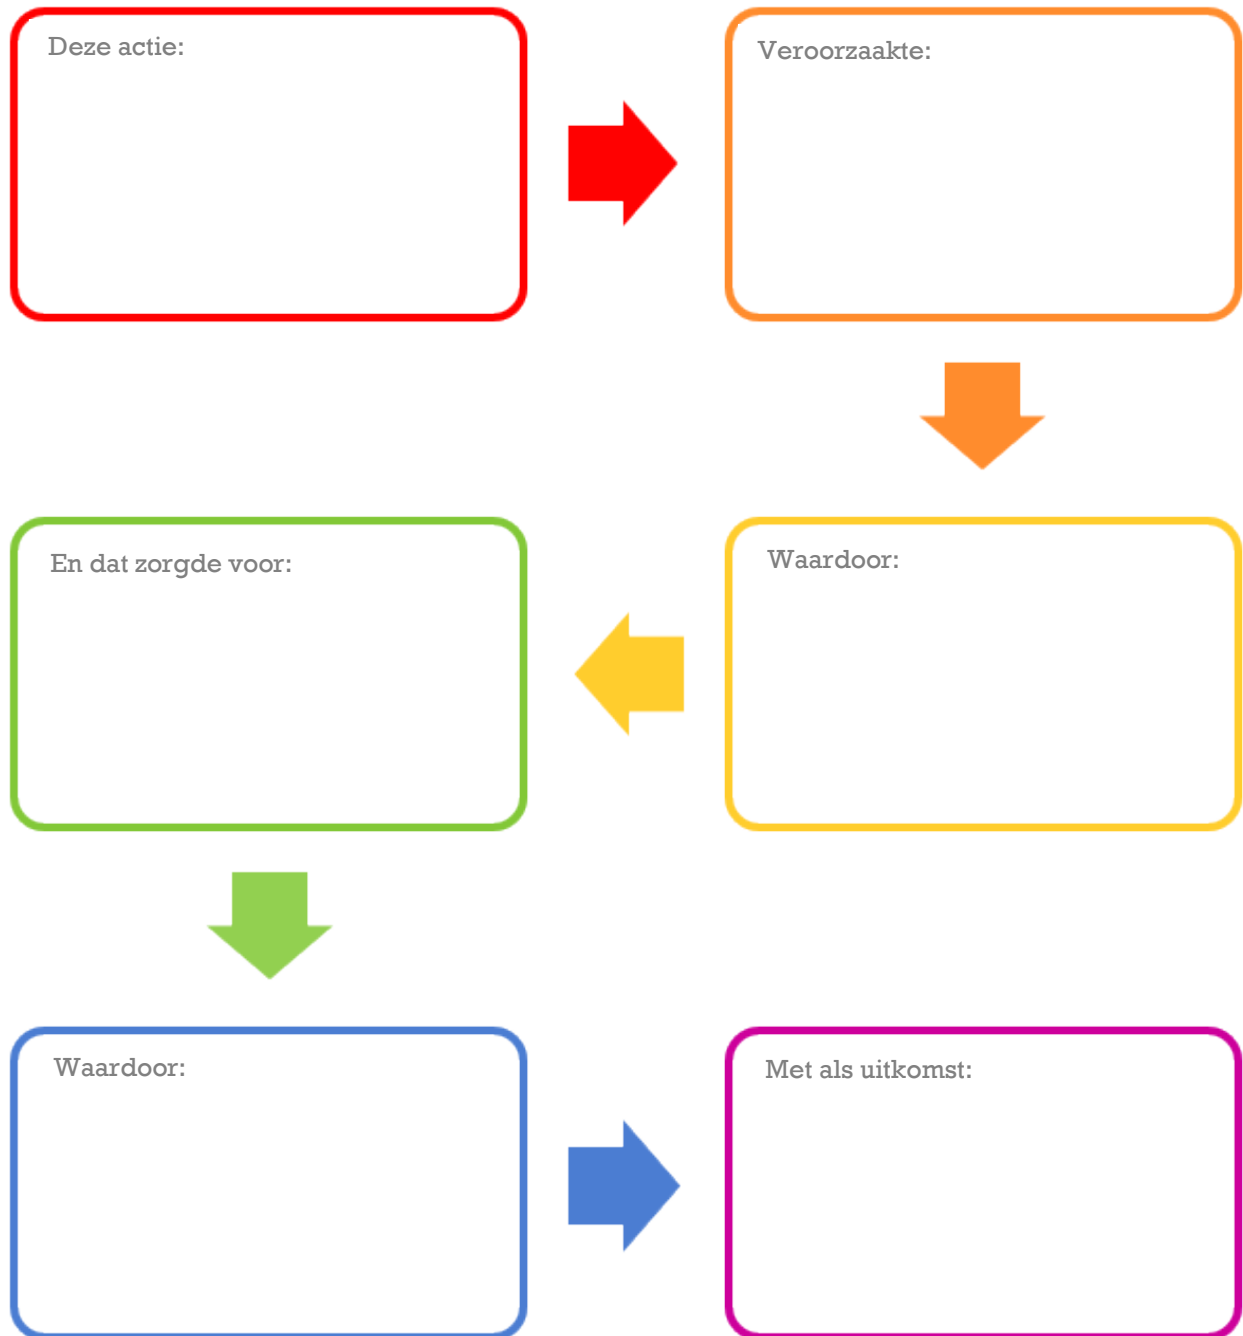

Graphic Organizers zijn visuele weergaven van data, informatie of ideeën. Ze bieden de structuur waarbinnen deze gegevens worden weergegeven, bijvoorbeeld in een tabel, een (pijlen)schema, een tekening, een cyclus en meer. Het proces van het omzetten van een grote hoeveelheid informatie in een schema, zorgt voor een vergroot begrip en inzicht in het onderwerp. Stel tijdens je onderzoek vragen bij de 'kritische en analytische denksleutels'. Kijk of je het antwoord op die vragen kunt weergeven in graphic organizers.

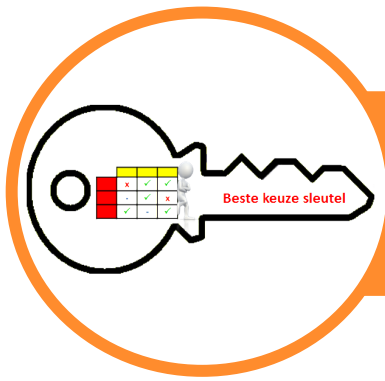

MIJN EIGEN PROJECT

Graphic Organizers

A large graphic organizer template. The top part is a rainbow arch with seven segments: red, orange, yellow, green, blue, purple, and red. Below the arch is a table with seven columns. Each column is outlined with a color that matches the rainbow segment above it. The columns are empty, providing space for writing or drawing.
